Jody is a twenty-year-old African American who has fathered two daughters by two different women yet still lives at home with his mother, Juanita. He can't seem to find a direction for his chaotic

life, and to make matters worse, his best friend and partner-in-crime Sweetpea has just been released from prison. In the meantime, Juanita has finally started to live her own life again and is dating Melvin, a former gangster. Once Melvin moves in, there is little room in the nest for a kid who has overstayed his welcome and who must now cross the line that separates the boy from the man.

OCTOBER IS BREAST CANCER AWARENESS MONTH

This is an annual campaign to increase awareness of the disease. While most people are aware of breast cancer, many forget to take the steps to have a plan to detect the disease in its early stages and encourage others to do the same.

BREAST CANCER IN WOMEN can begin in different areas of the breast – the ducts, the lobules, or in some cases, the tissue in between.

Breast cancer symptoms vary widely — from lumps to swelling to skin changes — and many breast cancers have no obvious symptoms at all. Symptoms that are similar to those of breast cancer may be the result of non-cancerous conditions like infection or a cyst.

Breast self-exam should be part of your monthly health care routine, and you should visit your doctor if you experience breast changes. If you're over 40 or at a high risk for the disease, you should also have an annual mammogram and physical exam by a doctor. The earlier breast cancer is found and diagnosed, the better your chances of beating it.

The actual process of diagnosis can take weeks and involve many different kinds of tests. Waiting for results can feel like a lifetime. The uncertainty stinks. But once you understand your own unique "big picture," you can make better decisions. You and your doctors can formulate a treatment plan tailored just for you.

BREAST CANCER IN MEN is a rare disease. Less than 1% of all breast cancers occur in men. In 2011, about 2,140 men were diagnosed with the disease. For men, the lifetime risk of being diagnosed with breast cancer is about 1 in 1,000.

You may be thinking: Men don't have breasts, so how can they get breast cancer? **The truth is that boys and girls, men and women all have breast tissue.** The various hormones in girls' and women's bodies stimulate the breast tissue to grow into full breasts. Boys' and men's bodies normally don't make much of the breast-stimulating hormones. As a result, their breast tissue usually stays flat and small. Still, you may have seen boys and men with medium-sized or big breasts. Usually these breasts are just mounds of fat. But sometimes men can develop real breast gland tissue because they take certain medicines or have abnormal hormone levels. Because breast cancer in men is rare, few cases are available to study. Most studies of men with breast cancer are very small. But when a number of these small studies are grouped together, we can learn more from them. (*excerpted from www.breastcancer.org*)

"The Church with a Ministry that Reaches the World"

MISSION STATEMENT

The vision of Mount Olive Baptist Church is to be a culturally relevant church that minimizes dogma and maximizes Love--the Love of a living God as embodied in Jesus Christ in order that we might cultivate a faith that supports broken humanity throughout the difficulties of life.

We want to be a Church dedicated to the mission of spiritual, academic and economic growth of individuals through teaching, serving and guiding them to grow beyond their personal experiences into new creatures in Jesus Christ. We want to involve everyone in ministry, so that people will minister to people.

We want to be a Church where Biblical enlightenment, healing, renewal, reclamation, rehabilitation and reconciliation are the cornerstones of our faith.

We want to be a source of spiritual sustenance, security, and inspiration to those who are struggling with the burdens of life throughout our spiritual journey together. We want to be strengthened in our commitment to serve as instruments of God in our Church, our community and the world, by confronting, transforming and eliminating those things in our culture that dehumanize us and perpetuate psychological enslavement.
